

PREP & PAINTING SCHEDULE - The schedule is attached for printing.

[PREP & PAINTING SCHEDULE.pdf](#)

We must complete this project while the weather is favorable. Please note this schedule is dependent upon weather and subject to modification.

As mentioned in a previous email, we will need compliance with the following:

PARKING - ALL vehicles must be moved from parking spaces in front of buildings that are being actively prepped and/or painted. You may park along Highland or at a building that is not being worked on in the GUEST spots.

CARPORTS ARE NOT SAFE TO PARK UNDER.

ITEMS IN COMMON AREAS - Any personal items in common areas, porches, walls, etc MUST be moved during active prep and/or painting. These are your personal items and are your responsibility to protect and store.

If you choose to cover items (chairs,etc) they MUST be moved away from the walls to allow access and to allow the painters to move freely in the areas.

The Association, contractors, painters, etc., will not be responsible for any damage that is done to items that are not properly moved or contained.

SHRUBBERY TRIMMING - Lawns & Palms will be on property to trim back any foliage that is resting on the buildings, 8 to 10 inches from the walls.
